

Searching for Items

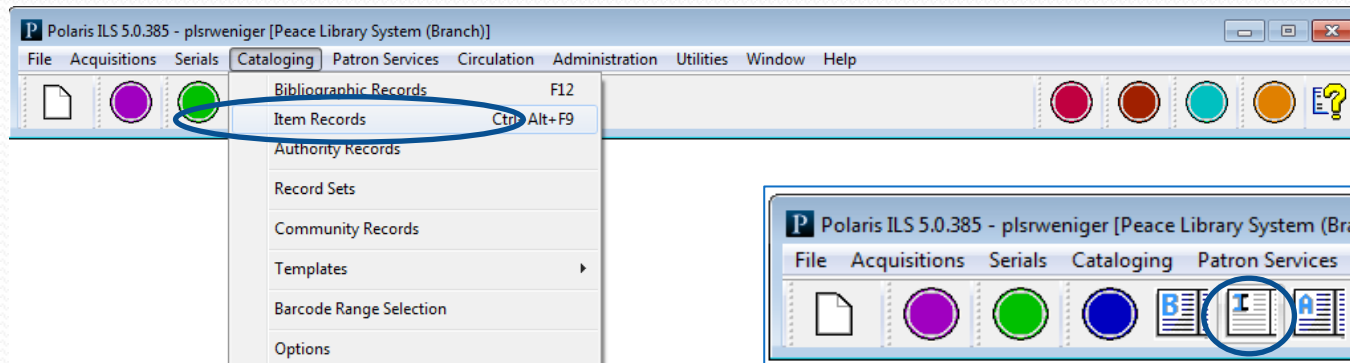

(Books, DVDs, Magazines, etc...)

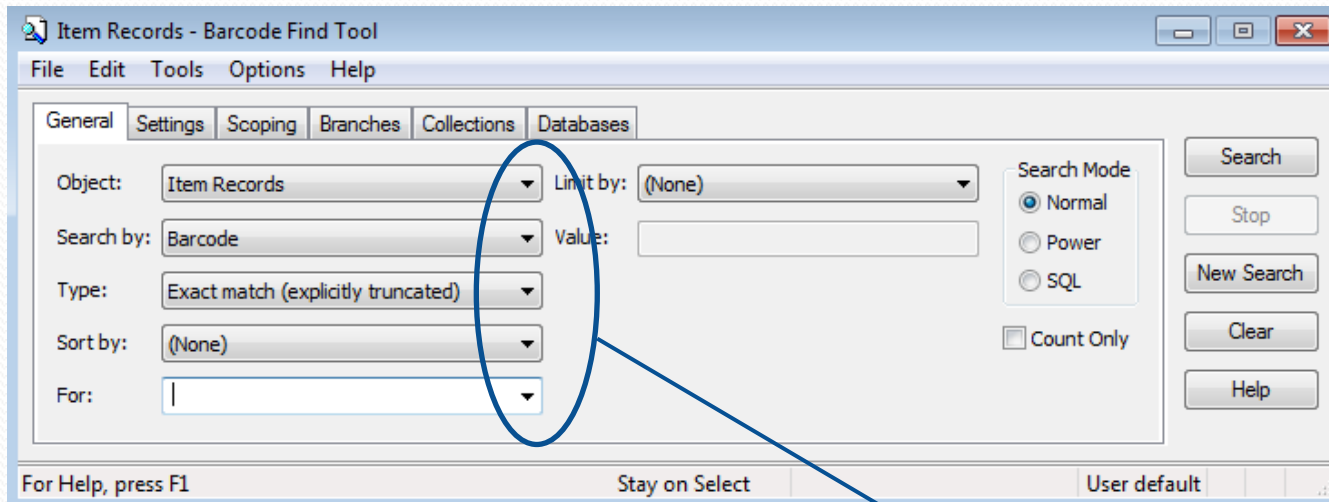

Searching for Items

Books, audiobooks, DVDs, magazines, etc. in your library collection, and in the collections of all TRAC libraries, are represented in Polaris by **Item Records**. To search for an Item Record in your library, open an **Item Record Find Tool**.

- Click on the Cataloguing heading, then on “Item Records”.
- Or click on the blue orb, then on the “Item Record” icon.

Searching for Items

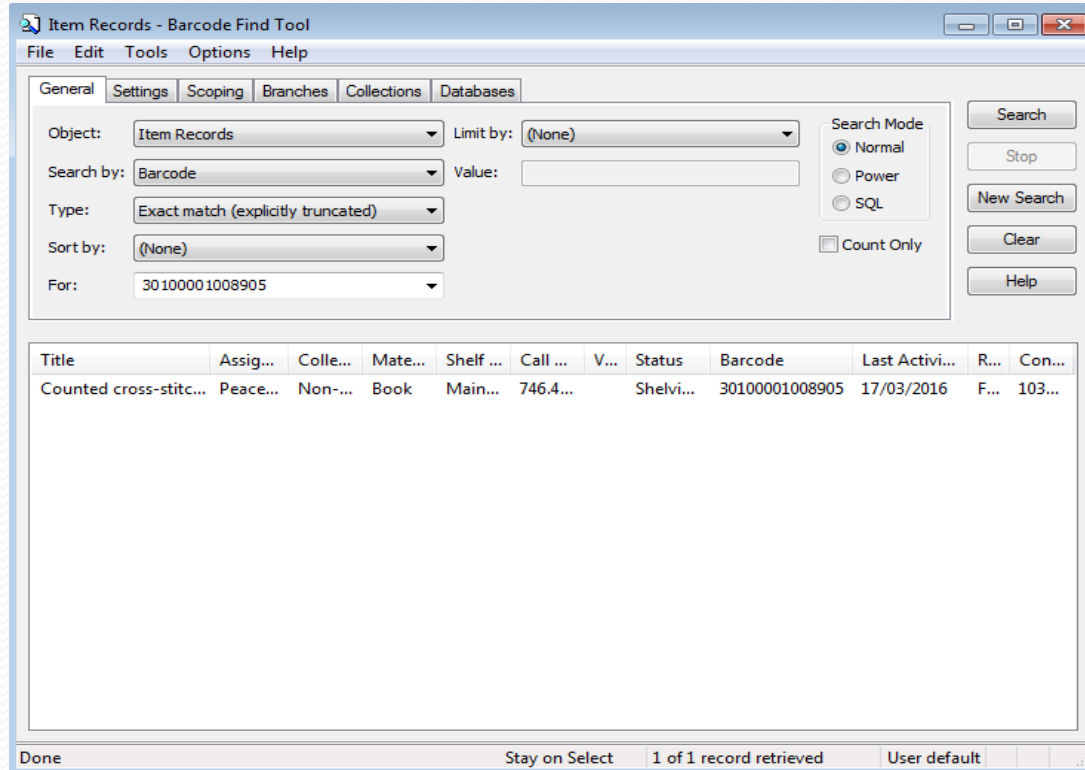

- 1.
- 2.
- 3.
- 4.
- 5.

Each time you open your Item Record Search Tool, it will open the same way. This window is set to:

1. Find item records (The search “Object”)
2. To “Search by” barcode
3. To find an “Exact match” (The Type of search)
4. Unsorted results (Sort by: None)
5. For: Whatever barcode you enter into the search window.

Note that all these settings have drop down indicators.

Searching for Items

Scanning or typing any barcode into the Find Tool will retrieve the Item Record. Double click (or right click > Open) to open it.

Searching for Items

Item Record 1033323 - Cataloging - Polaris

File Edit View Links Tools Help

Barcode: 00100001008905 Record status: Final ILL EContent Non-circulating Display in PAC

Title: Counted cross-stitch designs for the home. Find Bib control number: 91441

Author: Lindberg, Jana Hauschild. Parent item: Item control number: 1033323

Call number: 746.44 LIN c.1 Price: \$20.00 Issue control no.:

Owner: Peace Library System (Branch) (br) Shelf location: Main Stacks

Some fields have a white background (ie: “Barcode “and “Call Number “ fields) – you can change these. Other fields are grey. These you cannot change (ie: “Author” and “Title”) because that information *comes from the Bibliographic Record to which this Item is linked*.

Please take the [Item Record and Volume Control Training \(parts 1 & 2\)](#) and the 2 quizzes before making changes to records.

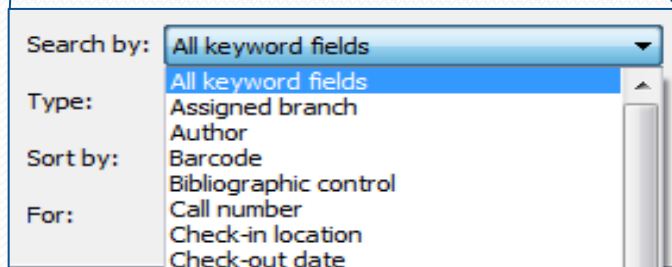

Searching for Items

Another search example: “Do you have any Harry Potter books?” (asks a patron).

1. Open an Item Record Find Tool.

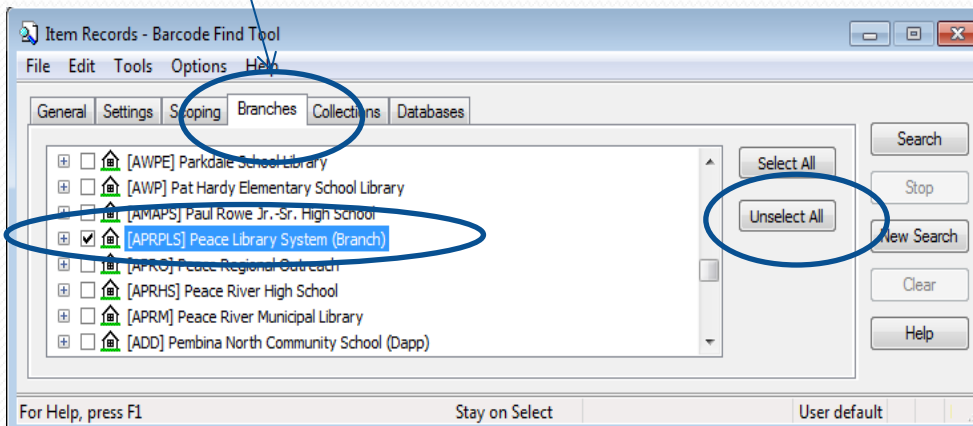

2. Choose: Search by: “All key word fields” from the alphabetized drop down menu.

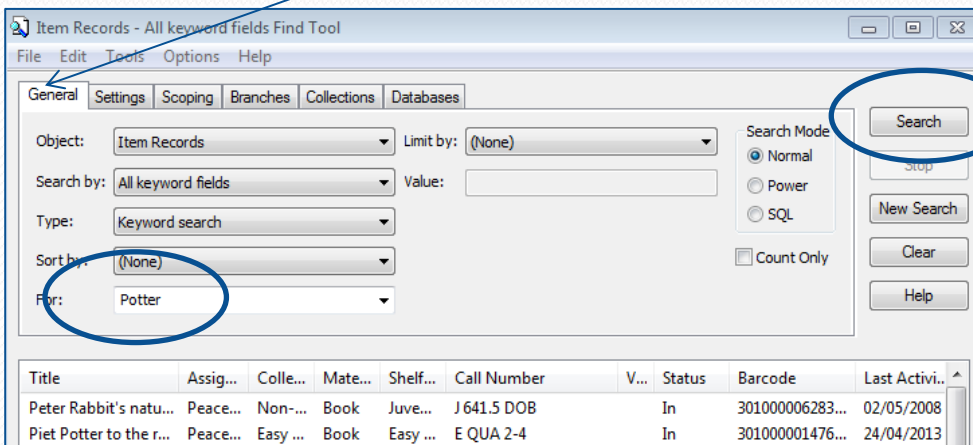

Searching for Items

“Do you have any Harry Potter books?”, continued...

3. On the Branches tab “Unselect all”, find your branch and check your branch only.

4. Go back to the General tab and enter Potter in the “For” search field, then click Search.”

Searching for Items

“Do you have any Harry Potter books?” continued...

5. Polaris has retrieved 85 items, but in this first results window is showing only 26 of the 85 items.
6. This calls for a “Karate Chop”: Hold down the keyboard Control and Shift keys and press “A” all at the same time.
7. If we had searched for “Harry Potter” we would have a much smaller list, without books by Beatrix Potter, and other books that include the word Potter!

Practice sorting the list of records by clicking on each of the column headings! It's fun!

Searching for Items

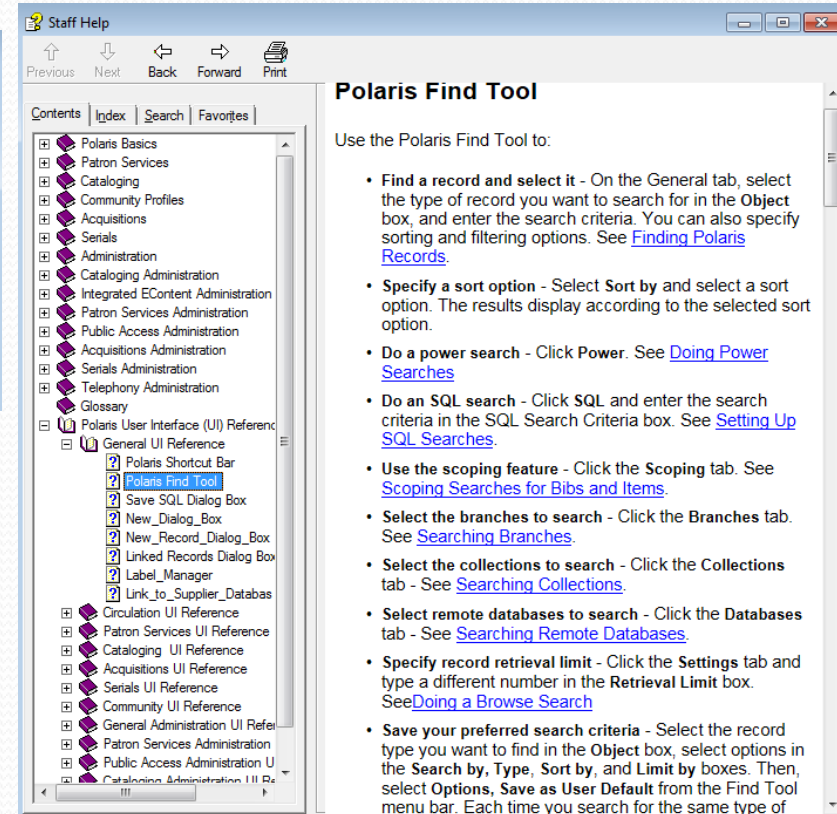

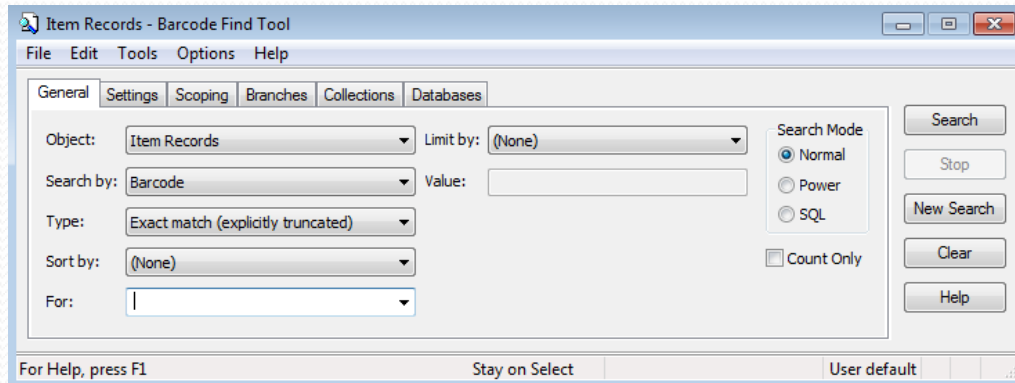

To temporarily customize how your Item Record Search Tool opens, select from the drop down menus to change one or more of these criteria:

- “Search by” (to “Title”, for example)
- “Type”
- “Sort by”

Then click on the Options heading and “Save as User Default”.

At any time you can, under the “Options” heading, “Revert to System Default”.

Searching for Items

The Item Record Find Tool is a very powerful search engine. To learn more about it press F1 on your keyboard to open the Polaris help window.
